Commercial Architect | Manager of Global Partnerships & Global Accounts
Partner Marketing & ABM | Pipeline-Driven Growth

EXECUTIVE SUMMARY

30+ ABM programs with Cisco, SAP, Dassault Systems' partners

Boon Edam global partner ecosystem with Global Accounts and System Integrators, Europe VARs

35-45% engagement rates, 12-18% TAL conversion, and >55% YoY partner-sourced growth

CORE COMPETENCIES

- Partner Marketing & Joint GTM: co-branded campaigns, joint business plans, partner enablement content;
 - Account-Based Marketing (ABM): TAL development, personalized messaging and content portals, multi-touch campaign design (digital + in-person), conversion optimization;
 - Pipeline & Revenue Operations: CRM architecture, pipeline reviews, forecasting accuracy, marketing ROI reporting and campaign-level attribution;
 - Partner Ecosystem Architecture: tier-based frameworks, certification programs, channel accountability, MDF-aligned planning;
 - Global Accounts and Global System Integrators: footprints within global tier-1 accounts (Amazon, Google, P&G, Securitas, Convergent, etc.)
 - Change Management: situational leadership; cross-cultural teams across multiple regions.
-

PROFESSIONAL EXPERIENCE

BOON EDAM GLOBAL EXPORT B.V. (HQ Netherlands)

Manager of Global Partnerships & Global Accounts (Aug 2023 - present)

Leading partner marketing, joint demand generation, and global account expansion across Southern and Eastern Europe.

Stagnant partner-sourced pipeline caused by passive distribution, zero marketing co-execution with channel partners, fragmented data with no pipeline attribution, and a lack of partner enablement infrastructure.

- re-designed and launched the full partner marketing program from scratch. Built co-branded campaigns (webinars, events, digital) and joint annual marketing plans with strategic partners.
- created partner enablement content — playbooks, battle cards, and sales kits — tailored to regional markets. Deployed lead-gen programs tracked through to pipeline conversion with full attribution in CRM.
- shifted strategic focus from legacy revolving doors to high-margin Security Solutions and Services.
- replaced data chaos by deploying AI-native CRM workflows to enforce pipeline discipline and accurate forecasting.
- localized "Boon Edam University" into regional languages and implemented a mandatory certification program.

The Impact: +55% YoY growth and 150% of the budget target (a historical record). The Service BU grew by >110%. Newly onboarded Tier-1 partners generated 60% of the total marginal growth. Doubled the high-quality sales pipeline through partner-sourced demand generation. Successfully expanded Global Account footprints with measurable pipeline contribution.

PERSONALNO VASH LLC (Moscow)

ABM & Partner Marketing Consultant (Oct 2018 - Feb 2022)

Designed and executed Account-Based Marketing programs end-to-end in partnership with global technology vendors.

Technology vendors (Cisco, SAP, Dassault Systèmes, and others) needed to roll-out targeted approaches for their partners (white lists), improve their partners' demand gen capabilities, and improve their pipeline conversions.

- architected and delivered 30+ ABM programs across multiple vendor partnerships.
- developed personalized messaging, content portals, and account plans for each campaign.
- executed a balanced mix of digital and in-person tactics
- implemented pipeline analytics and ROI reporting dashboards

The Impact: consistently delivered 35-45% engagement rates from Target Account Lists across all programs. 12–18% conversion rates from TAL to qualified pipeline; 30+ successful ABM projects, establishing a repeatable, data-driven demand generation methodology for b2b technology sales.

BOON EDAM RUSSIA

Managing Director (Jan 2016 – July 2023)

Full P&L and operational responsibility, employing situational leadership to moderate change and scale profits.

Delivered a 24% ROS - the highest profitability record among all 19 global subsidiaries. Improved COGS by 10.5 p.p.

HILTI BALTICS

General Manager / Regional Leader (2010 – 2015)

Integrated complex engineering products into scalable commercial models. 60+ reps supported by a multi-level Customer Engagement initiative. 9 distinct business units for cross-sell execution

Contributed 20% of the total regional absolute profit with only a 2% share of net sales; 25% ROS and 42% ROCE

Executive MBA, Baltic Management Institute, Vilnius, Lithuania

HILTI General Manager Introduction Program, Schaan / Vienna | Henkel President Program Vienna/Dusseldorf
